

◆ The Wave Eater ◆

Volume 5, Issue 3

Summer

PRESIDENT's CORNER

With a lot of friendly persuasion from the newsletter editor convinced me to write a letter for the Wave Eater to keep our LMSC members informed on what was going on within the LMSC. So folks, for my first stab, I want to cover the committee's review of the 1996 USMS Long Course National Championships, the 1997 Michigan State Championship and some ideas that have been floating around that the committee is looking into for the future.

To begin, your committee has met twice since taking office on June 1, 1997. During those meetings they have gone over most of each others' job duties and begun to put together their budgets. They also have received and approved both the Long Course Nationals and Michigan State Championship audit results with the following recommendations and procedure changes. 1.) It was recommended by the auditors that the Long Course National Final Budget Statement be changed to reflect the following items: a) That all sanction fees paid to Michigan Masters be stated as such, b) that Club donations paid for helping to time the meet, list the organization/Club that received the money. 2.) With regard to the Michigan State Meet Championship audit report, the committee has written a procedure which will define who, how and when a swimmer may represent a local swim group that participates in the State Championships. This controversy has been festering for years and with this audit, finally came to a head bringing about the following changes in meet procedures. As of the 1998 State Championships there will be a form attached to the State entry form and each team representative will get a copy. There has

IT RUNS DEEP

By K.P. Gutkowski

How many months has it been since the state meet was completed? Over 3 months!

I am still looking back at this affair and it still has me concerned. The many miles on my bike and many hours on the trails running for my triathlons have not taken away the bitter taste in my mouth.

You see it was my 13th straight state meet, a feat that not many people can match, but those that can do recognize me as one of the true swimming die hards. This was the first meet in those 13 years that was not fun. You see I was the founder of a small group of swimmers 13 years ago and we've been through high times and low times, the most recent state meet was both. Our club, Ford Athletic Swim and Triathlon Club, had doubled its score from the last state meet and we had many members doing Personal Bests. In fact, some of our members had never swam competitively before until our club rallied together over 1 year ago to capture the 1997 State Swim Meet Championship. This portion was the up part; our members did have fun and I am happy that they did. I did not, due to a few alleged recruiting concerns by other teams. I filed an official protest and I am still awaiting the boards ruling on this matter.

New Secretary

Editor's Note: I ask each officer to write a little bio. Jennifer Parks is our new Secretary as well as Fitness Chair.)

Swam 1st race in Pine Lake, 1949; Olympic Trials: Detroit, 1960; swam 1st Masters Meet in 1973 in Massachusetts, National Champion: '75, '76, '79 and won 5k in '93; represented Michigan at AAU/US Aquatics/USMS convention for 16 years, '76-'91; coached 29 years, 14 at MSU, have been involved in AAU/US Swimming for 20 years or so, been Review Chair for Michigan Swimming for 9 years; now teach at Ferris, and am on sabbatical for the fall, going to Western. Came from a family of English majors, and an ok editor. Goals: Want more women involved in Masters Swimming, swimming and organizing! Want more fitness people in Masters, as well as competition. Want Michigan Masters Swimming to thrive, not eaten up by internal disputes.

Hip, Hip Hooray

Dear Fellow Masters Swimmers,

I'd like to thank you for the many 'get well' wishes I've received. I received one card signed by dozens of Michigan Masters who were at the YMCA's Nationals in Indianapolis, plus several others from individuals.

I had a total replacement of my left hip May 1st. I scheduled it purposely after the State meet so I could compete. Dr. Wally Jeffries, an Ann Arbor Masters swimmer in my age group, recommended a fine surgeon at St Joseph's Hospital in Ann Arbor. The surgery went perfectly and recovery has been fast. I had the right hip replaced July 9th and recovery is coming along very well also.

I hope to be back in the water August 1st (doing "baby" workouts at first). I also plan to be back in competition in January with a goal of being back to a good competitive level by the State meet next April.

Again, thanks to all of you who expressed interest and best wishes! *Charlie Moss*

Don May Honored

In recognition that athletics are an integral part of the educational experience at Kenyon College, a new award has been created in honor of Donald G. May. May, a 1942 graduate of the college and a long-time physician and community leader in Kalamazoo. The criteria for the Don May award, is that the recipient be a former Kenyon athlete which has outstanding accomplishments in sports and who who has performed "creditably and in a honorably" in career, according to Kenyon's director of physical education & athletics. Honorees must be nationally or regionally ranked athlete (or their sport's equivalent).

During his time at Kenyon Don May was a valued member of three of their conference championship swimming and diving teams from 1938-41. After graduating from medical school at Wayne State University he settled in Kalamazoo where he practiced until 1989.

In addition to his swimming (which he does with the Battle Creek Y team) May is very active in his community. He is medical director of the hospice program for "Visiting Nurse Association of SW Michigan as well as a member of an advisory board to nursing homes in the area. Since joining Masters, Don has competed on the local, state and national levels. Doing Michigan Masters proud, as always!!

Congratulations Don!!!

Editor Noise

Well, the time has come for me to write, my piece for the newsletter, as it is now in the wee hours of the morning I begin printing.

Let me first, say that for some reason getting anything from some people, on time, is very difficult. For those of you who did get articles to me... Thank you, thank you, thank you.

For the Health of It

What can being fit help you do? Lynne Weir, who holds many of our Michigan Masters records and was a several time World Champion, fought lymphoma for the past several years, won her age group swimming across Tampa Bay in the late spring, as well as swimming 12 miles around Key West in less than 6 hours. Research shows that being fit can enhance your immune system so that you can

Listen to
your body

better fight illnesses. Lynne and Barb Dreher (a former Michigan swimmer, and new retiree) work-out in the Florida Keys Community College pool in Key West.

Many women, particularly young women with young children at home, find it hard to get a swim in. Melinda Mann, who also holds several Michigan records and was a National Champion last summer, swims at the Oshkosh Y, where they have child care, while she works out. I just met another woman from Malaysia, working on her Ph.D. at Western Michigan, and she has taken to bringing her three teenagers to the pool to play while she swims laps. It can be done!

So let's encourage more women to take up this sport and absolutely fantastic fitness activity. It's get a little bad rap because it may not be as preventative of osteoporosis as walking, but we all, women and men, should be lifting some weights, anyway, to develop strength, prevent injuries and osteoporosis. Hope you got lots of good swimming in this summer. And I think "SWIMMING IS THE COOLEST SPORT IN THE WORLD"! Sorry, hockey! Get ready for the new year of swimming by trying some different events and work-outs. Use all your muscles! See you in the pool!

If you have any ideas for fitness or charity events please feel free to contact me. If you are on the internet, My address is: JENSWIMS@aol.com

(Editor's note: Poor JP had to write articles twice as my computer and I lost her first two. And they were early!!! Thanks, JP!)

Pres Dreams

By Donald J. Kroeger

Being of sound mind and somewhat water-logged body, this is Michigan masters President, Donald J. Kroeger, age 53. I live in southeastern Michigan and have been swimming in Masters for the past eight years.

Some of my goals are to see Michigan Masters Swimming continue to grow through better communication between Masters swimming, YMCA's and other swimming organizations. I would like to us promote more specialized swimming events for all lap/Masters swimmers within the state of Michigan and near our borders. In addition, to promote more swimming meets for all three swimming seasons (short course yards, short course meters and long course meters) within the State. Finally, I would like to develop a Michigan Masters Travelling Swim team, to swim as a group in meets outside our state.

Fitness Anyone?

What does it take to swim 37 million yards in just 28 days? Well... it takes 541 swimmers averaging almost 70,000 yards per person to complete such a distance. It happened recently in the 1997 February Fitness Challenge, a postal fitness event hosted by the Crawfish masters of Baton Rouge, LA.

In its fifth year nationally, the FFC continues to be the second largest postal swimming event in the country, just behind the One Hour Swim. Host Baton Rouge led city-wide participation numbers with 47 entrants, followed by Canmore, Alberta, Canada, with 42 and Davis, CA with 20 swimmers.

Event director Scott Rabalais, coach of the Crawfish Masters, says the event appeals to swimmers of all ages and abilities. "The purpose of the FFC is to encourage swimmers to track their yardage and to stay consistent with their workout, he says. However, some swimmers go well beyond just charting yards and showing up at the pool.

Charles Hendrix, 53, of Auburn, AL, took overall distance honors with a whopping 630,100 yards in February. Hendrix, a professor of veterinary medicine, squeezed in 7 hours of daily swimming to accomplish the feat. The top female was Dottie Diedrick, 53, who managed 403,920 yards. Diedrick, of Elyria, OH, said, "This is more than I ever thought I could swim and still have fun!"

Equal credit must be given to the most senior participant on the FFC rolls. at the age of 87, Harold "Jack" Davis swam 13,950 yards. A resident of Fargo, ND, Davis has not only been in the water lately, but also surrounded by it!

Take part in the 1998 February Fitness Challenge by contacting Rabalais for an entry form. He may be reached at 3537 Christina Ave. Baton Rouge, LA, 70806 or by e-mail at ScottRabalais@compuserve.com. C'mon --- take the Challenge!!

(Continued from page 1)

What I don't want to do is go into the details in this article but asking everyone else out there not be allowed to be recruited by the bigger teams; even if its my team, you don't know what you are doing when you say yes!

I lead one of our many practices and in 1996-97 this was the first time that we had total team focus, total participation throughout the year. Many members of our club made personal sacrifices to help the club fulfill the dream of a state title. Like I mentioned before, some of our swimmers had never swum before, let alone competitively. Never the less, they swam for us with all of their hearts. I had many of the original club members return to swim with us after a 5-6 year retirement. The personal commitment of our club was unbelievable; nobody left early and they swam all of their events! We had swimmer whose child had to be rushed to the hospital on Friday night, only to be there Saturday, so as not to let the team down. Another had to take his wife in for outpatient surgery, only to show up for his next event.

I wouldn't have felt so badly, but with all of these personal sacrifices from the members of the club only to fall short and hear of some alleged recruiting violations.

Looking back at my swimming career with Michigan Masters and Ford Athletic Swim and Triathlon club it has been a long hard road to climb to the top and this is why I feel hurt. There were many early state meets that our club only had 3 members so that we had to only stand and watch those other large teams compete in the relays. I stood my ground only to swim for my club.

In fact, this is why I am writing this article. Not to bitch about the state meet but more to ask you to stand your ground and swim future state meet with those that you swim with as a club. In fact our Michigan Masters officers are presently considering what to do about my protest at the state meet; I applaud them.

(Continued on page 5)

**Thanks to
Ken Gutowski,
Michigan Masters
has a website
[http://
www.flash.net/
~kgutowsk/
mmasters.htm](http://www.flash.net/~kgutowsk/mmasters.htm)**

(Continued from page 4)

What is Michigan Masters? It is a great organization only backed by great people. What makes them great is not the few large clubs, its the many small clubs. This is what it all about. I could have joined the larger club in my area and this would have been much easier but I didn't know these people and it wasn't my style. Many of the other small teams which have started in my local area have only been absorbed by some of the larger teams. I don't want that! I want people to swim for fun, with friends and to build those small clubs into big clubs. Look it took me 10 years and this is fine with me.

***Eat a live
toad the first
thing in the
morning, and
nothing worse
will happen to
you the rest of
the day!!***

I have decided to help you, help start your smaller clubs so they may grow. I have initiated a Michigan Masters Internet home page and I will post things for all clubs so that they may grow and flourish not to disappear in a few years only to be absorbed by a larger team.

It is difficult to organize a club so this is my way of providing assistance to those that don't have as much time to keep members informed but would like to get their club out to the public. Send me your articles, photos, and club name and contacts/swimming info and I'll post it on the web page.

Check out the initial page at <http://www.flash.net/~kgutowsk/mmasters.htm>

Thank you for your ear and please remember that when you say yes to swimming with another team, even if it is only for a relay, that you may be hurting those other small teams that are trying to get off the ground. You can always deck enter relays to go after those state meet records with by getting an un-attached relay together; in any event your record will always be recorded as Michigan Masters the 1996 International Masters Champions!

Don't forget to check out the website !!!

<http://www.flash.net/~kgutowsk/mmasters.htm>

Registrar Notes

By Bill Reid

The Board has resolved to move our LMSC to closer compliance with national rules for registration. Thus I am writing these paragraphs to review these registration rules.

Confirming Registration Status of Michigan Masters

We have in the past years been a little "loose" in finding if a swimmer is registered before they swim in our meets. We have accepted the term "applied for" if any swimmers are unable to show a copy of their USMS card. Because of problems with liability and accident insurance, we will need to be a little more sure that swimmers have registered before they swim. The Registrar will send a list of current registrants to each meet director before the meet. If any swimmers entering the meet cannot show a copy of their USMS cards or if their names are not on the list from the registrar, we must from now on assume that they are not yet registered. These swimmers will be asked to complete a one-event registration form and pay the fee of \$10.00. If registration forms from any of these swimmers (dated before the meet) arrive at the Registrar's house after the meet, the Registrar will refund the one-event registration fee for those swimmers.

(Continued on page 7)

(Continued from page 2)

And to those who did NOT.... shame on you, I even gave you extra time!! To make a long story short NEXT newsletter, there will be a page of pictures showing your officers!! After all... this IS your LMSC therefore you should know the faces of those making the decisions.

With that said, I shall proceed! Get out your calendars and mark October 12th on it. That is the date of the Harbor Springs meet. Those of you, who have

(Continued on page 8)

(Continued from page 1)

also been a change, made by the committee, about any swimmer swimming in any Michigan Masters meet. This change means that each swimmer must either attach a copy of his Masters Swimming card to the entry form and/or show it at the meet, when checking in. If this cannot be done, then the swimmer must purchase a One Event Registration, in order to swim. If after the meet, a previously purchased registration arrives at the registrar, (or that is found that the swimmer has a card) the One Event registration will be refunded, providing it was mailed prior to the meet date. We have instituted this policy because of the USMS insurance which states, "if we have 'any' non-registered swimmers in the meet and someone gets hurt, we have no insurance coverage for that meet." (Editor's note: Even if no one is hurt, one unregistered swimmers VOIDS the liability which the USMS membership provides. When the liability insurance is null and void, the meet hosts, Michigan Masters Swimming and their officers, and USMS are all liable for that meet.

I personally wish to thank Bill and Phyllis Reid, their committee and the University of Michigan for the great job they did in representing Michigan Masters to the National USMS swimming body and our own state. Also a big thanks to Eastern Michigan University for the use of their facility and the SOS swim group for hosting the State Championships.

The committee has also informally discussed the possibility of the following, in the future:

- ⇒ Golf outing for MI Masters swimmers (summer)
- ⇒ Picnic for MI Masters swimmers (summer)
- ⇒ More OpenWater swims in Michigan (summer)
- ⇒ Christmas Party for Michigan Masters swimmers (winter)
- ⇒ Swim Clinics for Michigan Masters Swimmers (all seasons)
- ⇒ Host or sponsor events local and national for charitable organizations. (all seasons)
- ⇒ Fitness events for Michigan Masters

Relay Top-Tens

Master swimmers are eligible to obtain a Top--Ten patch (with stroke segment) if they are listed in the Top-Ten in any event during the year. All members of Top-Ten relay teams are eligible.

The 1996 patch reads: "USMS Masters Swimming, TOP TEN, 1996" It is 4" x 2.5" and can be sewn on clothing or swim bags or tacked on walls. Earlier patches are similar.

USMS publishes three Top-Ten listings each year, one for each course (25 yds, 25 meter and 50 meter). Listings are also available on the World-Wide Web at "<http://www.swingold.com>" going back to 1003. Patches and stroke segments for most years as far back as 1982 can be ordered for \$5 each from: Darlynee Ferguson, P.O. Box 8005, Canton, OH 44711, (330) 445-4176

Additional stroke segments may also be purchased for \$1 each. Your order must include your: Name and address, the year, course, age group (at the time) and event in which you placed in the Top-Ten. Checks should be made payable to "Lake Erie LMSC".

(See list on page 8)

If you are eligible for a FINA Masters patch you may write:

FINA
Avenue de Beaumont 9
1012 Lausanne
SWITZERLAND

Winning isn't the most important thing, but trying to win is.

- ⇒ Swimmers and friends (all seasons)

Well folks that is about all for now. If you have any comments or recommendations or if you wish to get involved, please drop me a line.

Thanks for your support and swim for the health of it! Donald J. Kroeger, 433 Toll Street, Monroe, MI 48162

(Continued from page 5)

USMS Club Membership

Within the rules of USMS are provisions for each registered masters swimmer to be a member of a club registered with USMS. Swimmers from such clubs swim together in national meets or meets outside of their LMSCs. In order to swim on a relay legally recognized by USMS, all swimmers on the relay must be members of the same club. We

It is imperative that ALL masters swimmers be registered with USMS due to liability and secondary insurance.

in Michigan have chosen to organize our entire state as one club. Thus any swimmers in the State of Michigan can swim together in relays in our meets as well as in meets outside of the state. This freedom allows swimmers from small groups to swim with friends from other parts of the state or permits swimmers of similar age from all areas of the state to join together as a relay to compete for Top Ten recognition or National or World

Records.

Each swimmer must declare membership in a USMS registered club when registering for the year. Since we have only one Club registered with USMS (which is Michigan Masters), we routinely type "Michigan Masters" onto the club line of the registration form. If the registering swimmer wishes to swim unattached, that swimmer must scratch out the name "Michigan Masters" and write in "unattached". The Registrar will call any such registrants, describe the advantages of swimming for Michigan Masters and confirm that they do wish to swim "unattached".

Masters Swim Group Affiliation

Due to the problems at the last few State Meets, the Board has prepared some rules which formalize the procedures to form groups to compete for the Michigan Masters State Small and Large Team Championships. A Masters Swim Group shall be defined as a group of swimmers registered with Michigan Masters who form a group for training and/or competition at meets within the State of Michigan. This group cannot be registered as a club within USMS.

Affiliation with a Masters Swim Group

Each registered Masters Swimmer in Michigan may be affiliated with one Masters Swim Group or shall be unaffiliated (not part of any Masters Swim Group). The Michigan Registrar will maintain records of the Masters Swim Group affiliation of all registered Michigan Masters Swimmers. Each swimmer may declare an affiliation with a Masters Swim Group in two ways. These ways include when registering for the year or at any time except during the "black-out" period before the State Meet.

The registration form will contain a line for the registering swimmer to declare a Masters Swim Group affiliation. As this procedure will be starting for 1998 registrations, the line will be blank for all registering swimmers. The registering swimmer may declare an affiliation when registering by writing the name of their desired Masters Swim Group on this blank line. If no affiliation is declared, the swimmer will be registered as unaffiliated.

Any registered swimmer may change affiliations to Masters Swim Groups at any time during the year except during the period beginning from the first Monday six weeks before the Michigan Masters State Championships (the State Meet) until the first Monday after the State Meet is ended. Any requests for changes in affiliation must be made to the Registrar in writing and must be signed by the swimmer. Simply swimming for a Masters Swim Group at a meet during the year shall not be considered as an affiliation or change of affiliation.

Swimmers may swim for any Masters Swim Group at any meet other than the Michigan Masters State Championships. At the State Meet, swimmers may only swim for the Masters Swim Group to which they have declared affiliation. All swimmers without

will be a committee of 5 elected from the general body of the LMSC. This is not a committee formed of and by the board, it's YOUR committee. SO... send nominations to me, prior to September 8th. Then watch the next newsletter and stay involved by voting for the 5 candidates of your choice. We need your help on this. It should NOT be a time consuming board, with a lot of long winded meetings. In fact, most disputes may be settled by phone conversations among the board members. So, please take some time to give it some thought!

As we finish up the year and head toward 1998 your board of elected and appointed officers are working HARD to make this the best LMSC (Local Masters Swimming committee - Michigan Masters). They are also trying to bring what expertise they can to the table, in order of new ideas and a refreshment or revitalization of the old.

***Please send your
 nominations to

(Continued from page 5)

been around awhile know that I have long called this Michigan's best kept secret. It's a great way to break into the season. A nice small pool... usually just about the time the leaves turn, AND the meet begins with the 1000 yd. freestyle at 11 am. The rest of the meet beginning at NOON! (See the late Sept. newsletter for the flyer. If we gave it to you now... you'd just lose it!)

October 4th, there will be a meet held at the Saginaw YMCA. This is going to be a fun meet as well. We will be GIVING away T-Shirts and polo shirts, etc. that are left over from the '96 LC National. What's the catch, you ask??? You MUST attend the meet. This is not an, "oh I heard you were giving away "... type of deal. You want it... you enter and swim the meet.

Let's see... The next item is about a review committee that is being formed to adjudicate meet disputes in the future. There

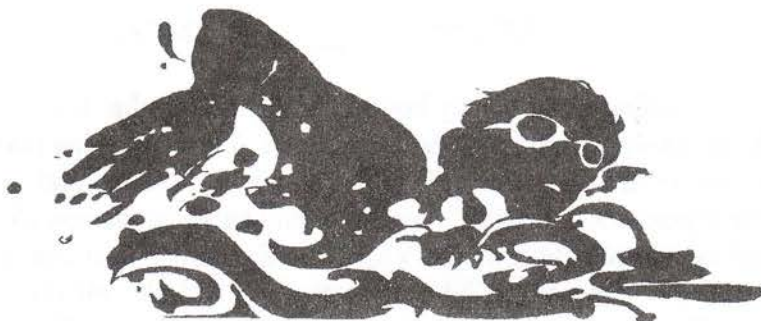

One or two last minute tidbits of information.

Many of you are unaware that although Michigan Masters appears to be fairly loosely run... Our parent organization, USMS, Inc., is NOT. Some of you, unfortunately have not gotten correct information about some policies.

First, there are workouts. Many workout groups (in fact MOST) require that you be a member of USMS, in order swim in an 'organized' practice, as well as sanctioned meets. Secondly there is the matter of swimming on relays. Not only is it great fun, but it is ALSO a great way to meet people. However... there is a rule that PROHIBITS... (read carefully), the swimming on more than one team in one event. Most of you are now staring. Simply put, it means you can not have 2 relay teams with only 7 swimmers between them!! Keep in mind, please that it makes NO difference if the team with only three swimmers would be DQ'd anyway. It's a rule AND its about fairness!
