

Top 10 report

Top 10 USMS (this list is posted at the end of each course season)

In 2023, Michigan Masters had 93 Short Course Meters top tens, 46 Long Course Meters top tens, and 121 Short Course Yards top tens.

Another impressive accomplishment in our LMSC is how many All Americans we had this last year. To be All American, the athlete must be #1 ranking (ie; Fastest in the country) at the end of that course's season. For this last year our LMSC had **8 athletes with 24 total Individual All American swims and 1 Relay All American.**

Individuals who finished #1 in the country between the 3 courses were:

Corrin Buck with 5 events

Erik Lokensgard, Michael Klueh, Paul Huch and Aaron Helander with 4 events each.

Cam Peel, Claire Tuttle and Joel Lockwood with 1 event each.

The 1 relay was achieved in SCM with Alicia M Blondell, Luke Griffioen, Andrew J McFee and Jordan Craig.

These All Americans will receive a USMS All American Certificate and a Patch. Let's give these athletes a huge applause.

World Aquatics Masters top 10 for our LMSC

Are not available yet but they will be found on the World Aquatics Website under Masters and Ranking.
