Sanctions Report – 2026 MI-LMSC Annual Meeting

This last swim season (2025-26), in addition, to the State Championship at Oakland University on April 17-19, the MI-LMSC sanctioned 13 local meets. I would like to personally thank all our meet hosts for their hard work and dedication hosting one of our masters swim meets.

Meet attendance for this past season broke an all-time record for the number of master swimmer participants. During this year's short course yards season, the Michigan LMSC hosted 1,233 masters swimming members. Moving forward, we are working on ideas to continue this growth and add even more meets around the state.

We are still exploring the addition of a long course meters meet during the summer schedule if viable, so check the web site this summer for details.

We will start to formulate the schedule for our fall and winter 2026-2027 meets in July and will update Michigan Masters website as soon as we have the new schedule confirmed with our meet hosts.
